Subject: Handy reference guide!

Mr. Maus,

I forgot to point out that we are not in the habit of paying our attorneys (that is what you mean by "legal representative", isn't it?) to have chats with confused and unformed individuals who don't understand either their contracts, the law, or how...not nice it is to threaten to harm people's businesses. Talk to your own attorney, or another grown up (like Mr. Underdown, he seems like a nice man), about that.

The following should clarify the facts and help you and your legal team to find a more productive use for your time (emphasis added):

1. Regarding violation of contract:

<http://www.abovetopsecret.com/forum/thread328254/pg6>, DB on 1.23.08, "**For the record, I am glad that the DVD is finally released.**"

Actually, it is a written agreement. And yes, by removing it from the body of the ma film and only including it as a special feature they are in violation of the contract.

However, **I have no plans in bringing legal action against them. I'm actually qu happy that the DVD is out there** because it finally enables me to speak publicly ab the case and present even more evidence about it. I had been holding off on speakir publicly because I did not want them to re-shoot or re-edit the film based on what I said. They actually did this twice within the footage that does appear.

From Agreement:

This agreement is between Michael Horn/Jack Gerlach (hereinafter referred to as "Producers") and Derek Bartholomaus (hereinafter referred to as "DB") as an interviewee (the "Interview") **for possible inclusion** in all editions of the documentary film entitled "The Silent Revolution of Truth" (the "Program") solely under the terms and conditions of this release.

ENTIRE AGREEMENT: This agreement contains the **full and complete understanding and agreement between the parties** with respect to the within subject matter, and **supersedes all other agreements between the parties whether written or oral relating thereto**, and may not be modified or amended except by written instrument executed by both of the parties hereto. This agreement shall in all respects be subject to the laws of the State of California.

2. Regarding what was presented by MH in Laughlin, pertained to only post-release, published comments **by DB**, such as:

<http://theparacast.com/forums/he-who-shall-not-be-named-alert-t-1540-3.html>, on 1.29.08:

"I will also agree with Horn that the photograph section of the short version of my lecture was the weakest part of my presentation."

Plus the favorable quote from Uncharted Territory regarding the Meier films, the clear blow up of Meier, standing in the middle of a fiery ring, showing him clearly and motionlessly holding a microphone, refusal by OSU GC to pursue action, etc.

3. Regarding any defamation:

Defamation by CFI-West/IIG began with Vaughn Rees, in 2001, as admitted and referred to here by DB:

<http://theparacast.com/forums/he-who-shall-not-be-named-alert-t-1540-3.html>

"I only got involved in it because a **former employee of CFI-West made the 'easily reproducible hoax' statement** and engaged in email correspondence with Horn without informing CFI-West or the IIG, so I had no choice but to step in and try to do damage control because no one, other than the person perpetrating it, can call an event a hoax."

DB also contradicts his own statement, "...no one, other than the person, etc." numerous times in the interview by effectively alleging that Meier used

model trees and model UFOs, i.e. that he indeed hoaxed his photographic/film/video evidence.

DB defames MH and JG here:

Hi there.

As the skeptic interviewed for the DVD let me fill you in on a few things.

First, I was interviewed for 50 minutes and they used about 10 minutes. My original agreement with them was that the section you see in the special features was originally supposed to be included in the main film and then my full 25 minute presentation was to be used in the special features. Well, they cut me out of the main film and used that as the special feature. I had agreed on the editing of the piece as it exists because I was told that the complete interview would be included which would provide much more explanation on the topics discussed."

Wow. He is just going apeshit over
on that forum. 59 pages???

**Michael is merely a salesman for
the case** and having seen where he
lives in an earlier cut of the film I
think it is safe to say that he isn't
doing nearly as well as we may have
thought he was."

"I am me. Well, usually. As far as I can remember I have never put my foot in my mouth. However, a short bald man has made this claim before without realizing that it was, in fact, his own foot within his own mouth. **He is a rather simple man and easily confused.** -Derek"

He really seems to be completely unable to understand the english language at times, or at the very least comprehend what has been said. How many times is he going to repeat the same old canards?"

Now, we have more important things to do, including making all you guys more faMaus, as promised.
